14. July 2026

St. Leon-Rot, Germany

## Why do people keep coming back to UI5con?

Answers from our **community**, the **orga team** and a first sneak peek at **one of our speakers**.

## Why I attend UI5con as a community member.

“Whether developer, architect, or the people behind UI5, **everyone is on equal footing here**. Real exchange about **use cases, hurdles, and ideas**, from which real friendships have grown over the years. And the beer after tastes all the better for it.”

**Marco Beier**

Full Stack Softwareentwickler

## Why I attend UI5con as an organizer.

“I love organizing events that connect like-minded people. Being involved with, and visiting, UI5con feels natural to me. It’s a **developer-first event with great energy, learning, and community**. I might be a little biased 😊, but watching those connections happen is the best part.”

**Felix Schubert**

Lead, Facility, Program

## Why I attend UI5con as a speaker.

“UI5con isn’t just a stage. It’s a place where people come together to learn, share, and challenge ideas. Every time, it’s the **conversations and the community** that leave me inspired and energized.”

**UI5con 2026 Speaker**  
Development Architect
